RESOLUTION IS PASSED

Lower Branch Concurs With
Senate—Count Is 228 to
139 on Ending War.

BREAK IN DEMOCRATIC LINE

Nineteen Vote for Passage—
Two Republicans Also
Defy Party Alignment.

WASHINGTON, May 21.—The senate resolution repealing the resolution by congress declaring a state of war with Germany and Austria, was passed today by the house and made ready for the president, who is expected to veto it. The resolution was drafted by Senator Philander C. Knox, republican, of Pennsylvania.

The vote of 228 to 139 was along strict party lines except that 19 democrats joined republicans in supporting the measure, while two republicans—Kelly of Michigan, and Fuller of Massachusetts—opposed it. From the size of the republican vote, it was clearly indicated the resolution could not be passed over a presidential veto.

The senate vote on passage last week was 43 to 55.

The house today lacked 17 votes of the two-thirds necessary to override the veto. Seven democrats against the measure, paired with seven republicans favoring it, and independent also, each other in the vote—Representative Cars, Minnesota, opposing the resolution, and Representative Keller of the same state favoring it.

Democratic supporters of the resolution were: Ashbrooke, Ohio, Caldwell, New York, Carey, New York, Cullen, New York, Dooling, New York, Evans, Nevada, Gallivan, Massachusetts, Gandy, New York, Goldfogle, New York, Hamill, New Jersey, Huddleston, Alabama, McKim, New York, Michigan, Pennsylvania, Maher, New York, Mead, New York, O'Connell, New York, Oney, Massachusetts, Sullivan, New York, Tague, Massachusetts.

Representative Connally, democrat, Texas, characterized the republican peace program as a "political play filled with hypocrisy and insincerity." He contended that congress could not repeal war declarations against Germany and Austria-Hungary.

Democrats Break.

The first break in the democratic opposition came when Representative Huddleston, Alabama, declared that President Wilson by his letter to Oregon democrats, had shown "an unshakable resolution to require the democratic party at San Francisco to declare for the league of nations."

Huddleston "protested" against such a policy and declared "the people would not stand for it." Political defeat, he added, awaited the supporters of the president's stand.

Mr. Huddleston urged that if the democratic national convention approved Mr. Wilson's position, he should be renominated for a third term.

Representative Mason, republican, Illinois, was hissed by democrats when he declared that they were yielding to the judgment of a "very sick man at the other end of the avenue."

Wilson's Letter on Pact

Democratic Senator.

PORTLAND, Ore., May 21.—Measuring in incomplete returns from 15 counties in Oregon, including 13 in complete precincts from Multnomah (Portland), gave for president: Hiram Johnson 1,178, Gen. Leonard Wood 1,104, Herbert Hoover 252, Gov. F. O. Lowden 417, Senator Miles Poindexter 26.

First incomplete returns on the presidential primary were from six Polk county precincts. They gave: Wood 14, Johnson 8, Lowden 10, Hoover 4.

In the Oregon primary election today the league of nations had been made an outstanding issue both in the republican contest for presidential endorsement and the contest for democratic nomination for United States senator.

The active candidates for the republican presidential preference were General Wood, Governor Lowden and Senator Johnson. The names of Senator Miles Poindexter and Herbert C. Hoover also appeared on the primary ballot.

Senator Poindexter announced his withdrawal from the Oregon contest and Mr. Hoover's campaign managers in the state had asked for publication to throw their strength to "the pro-league candidate they believed to have the best chance of defeating the no-league candidacy of Hiram Johnson."

The name of William G. McAdoo was the only one appearing on the ballot as a democratic candidate for United States senator.

Senator George E. Chamberlain, seeking re-election, was opposed for the democratic nomination by Harvey G. Starkweather, an avowed supporter of President Wilson in his stand on the league of nations.

Throughout the campaign in the state, Senator Chamberlain had been silent on the question which was presented squarely before the democratic voters of the state by President Wilson, who urged support of the league without reservation.

CHANGE ARMY BILL WORDING

Substitute "War" for National Emergency After Congress Objects

WASHINGTON, May 21.—Conferees on the army bill were said today by Senator Thomas of Colorado, democratic member of the committee, to have agreed to the substitution of "war" for "national emergency" in the provisions for automatic operation of draft law machinery.

Objection to the provisions was expressed today in a letter from President Wilson to the American people, in which he declared the term "national emergency" might permit the peace time conscription of labor.
